Oil and Gas Leasing:

M & G Oil and Gas, Inc. is interested in putting back into production two wells previously operated by Condor Exploration LLC. The well API's are 49-023-21613 and 49-023-21611. These wells were previously part of lease WYW141441 which has been terminated. We were instructed to nominate the lands we are interested in. We have a workover rig and have the ability to plug these wells if they do not produce as desired.

We nominate the following 640 acres of land for lease sale.
